Past President of the American Society
of Cataract & Refractive Surgery

*Jacksonville is lucky to have
Dr. Gulani.*

Dr. Paul Karpecki
Eye doctor and senior clinical
consultant to Bausch & Lomb

Known as the da Vinci of eye surgery, Dr. Gulani is an eye surgeon of the future, dedicated to raising the bar on LASIK and Cataract surgery with his passion to make people see. Listed in FORBES magazine (Goldline research) among the top ten Laser Eye surgeons in the nation, he continues to innovate, inspire, teach and publish as a consultant to patients, the eye care industry and fellow eye surgeons world wide.

Doctor's Doctor as a title for Dr. Gulani's ability and peer confidence takes this superlative to a higher dimension. Not a term to be used loosely, it is applicable in Dr. Gulani's case multidimensionally:

- Dr. Gulani is the surgeon of choice for Surgeons, Physicians and their families.
- He invents and publishes his futuristic advances for Fellow Eye Surgeons.

- Dr. Gulani inspires Medical students while mentoring them to higher standards of eye care.
- He is a renowned innovator and thought leader for the Eye Care Industry itself.

As a world resource for eye surgeons, he provides second opinions and complication corrections for a global clientele.

With an attitude of "Everyone is a Candidate," Dr. Gulani drives home his point that he does not tolerate "Cookie-cutter" or "One size fits all" surgery and routine outcomes. *"We must aspire for vision beyond 20/20 in each and every patient. What a privilege it is to help people see and change their lives,"* said Dr. Gulani.

With an eye of an Artist and a passion to help people see, Dr. Gulani has turned Jacksonville, Florida into the Vision destination for the world.

Truly the Doctor's Doctor & Surgeon's Surgeon!

I travelled 40,000 miles for my daughter to the best LASIK surgeon in the world.

Dr. Gary Martin
Australian Surgeon

I traveled from London to Jacksonville for my surgery.

Dr. Michael Court
London

Being an Eye doctor myself, I researched the best and selected Dr. Gulani for my LASIK.

Dr. Cindy Couzens
Eye Doctor, Jacksonville, FL

My husband and I had Advanced Laser Vision Surgery with Dr. Gulani.

Dr. Sonnie Ashchi
Jacksonville, FL

Dr. Gulani corrected my LASIK surgeon's complication. He is truly the "Doctor's Doctor."

Pablo Calzada, M.D.
Miami, FL

Dr. Gulani went above and beyond my expectations!

Dr. Victoria Array
UF Physician - Jacksonville, FL

It was an honor to witness a Master Surgeon.

Professor Eduardo Sevenster
Eye Surgeon, South Africa

He is a rare combination of an excellent surgeon, a great teacher and a caring physician.

Dr. Choeng Jiwarsen and
Dr. Aphorn Phengratsami
Lasik Surgeons, Thailand

He is world famous and yet, so personable. Every patient has his cell phone.

Dr. Kevin Brooks
LASIK Surgery Patient, South Florida

I salute Dr. Gulani! His passion for designing vision surgery for each patient individually, his personal involvement and his follow through. He raises the bar on medicine and physicians alike.

Dr. Albert Leon
Corrective LASIK Patient, Texas

Not only is his work unparalleled since I see better than 20/20 but his personal involvement in every patient's care and follow up is such an inspiration.

Dr. Jane Cai
Cataract Surgery Patient, Orlando, FL

He travels the world but is always available. Every fellow physician I have referred to him is awe struck.

Dr. Stephanie Crabb
Astigmatism Surgery Patient, Ponte Vedra, FL
