

Gulani Vision Institute

World renowned Eye Surgeon in your Backyard

"Everyone deserves excellent vision," says **Arun C. Gulani, M.D., M.S.**, a world famous eye surgeon who calls Jacksonville, Florida home.

Known as the da Vinci of eye surgery, Dr. Gulani is an eye surgeon of the future, dedicatedly raising the bar on LASIK and Cataract surgery with his passion to make people see. Listed in *FORBES* magazine among the top ten laser eye surgeons in the nation, he continues to innovate, inspire, teach and publish as a consultant to patients, the eye care industry and fellow eye surgeons worldwide.

Dr. Gulani has invented award winning instruments and with his international privileges is always among the first in the world to use cutting-edge technology to help innovate future platforms for vision surgery.

Not only does he specialize in treating all forms of nearsight-

edness, farsightedness and astigmatism but he is also a world destination for patients with presbyopia (reading glasses after 40) and Custom Cataract surgery.

He has raised LASIK and Cataract surgery to an ART and custom-tailors the surgery and technology to each person individually, often aiming for vision beyond 20/20.

Former chief of LASIK and Assistant Professor at University of Florida in Jacksonville, Dr. Gulani founded the Internationally famous Gulani Vision Institute. "The work of Dr. Arun Gulani stands out as a Beacon," says Dr. Thornton, past president of the American Society of Cataract & Refractive Surgery.

Known as the Doctor's Doctor; Dr. Gulani sets high standards for himself in using the most advanced technology and

matches that with an unparalleled personal touch. "Patients deserve a caring physician and a custom-tailored plan for their individual vision in a compassionate atmosphere," he says.

Personally welcoming each patient with a hand shake no matter how far you have traveled from, you may not be aware that you have just shaken the hand that can restore your vision to 20/20... or better.

With an attitude of "Everyone is a Candidate!" Dr. Gulani drives home his point that he does not tolerate cookie-cutter surgery and routine outcomes. "We must aspire for

vision beyond 20/20 in each and every patient," says Dr. Gulani.

With an eye of an artist and a passion to help people see, Dr. Gulani has turned Jacksonville, Florida into the vision destination for the world.
